Impact on score

Policies indicator [Impact on score](#) **100/100**

A policy is a set of objectives that addresses specific sustainability issues. It shows a company's intention to reduce impact, mitigate risk or improve performance.

Endorsements indicator

Endorsements are your company's public adherence or commitment to meeting objectives and principles defined by a recognized third-party organization.

Measures indicator [Impact on score](#) **75/100**

Measures are your company's actions to support your sustainability policies and commitments.

Certifications indicator [Impact on score](#) **100/100**

Certifications confirm your compliance with international standards (for example, ISO 14001, ISO 45001, ISO 37001, SA8000 or FSC Chain of Custody). They must be issued by an external certification body.

Coverage indicator

Coverage means the level of deployment of measures and certifications throughout your company. It's a multiplying factor. The higher it is, the higher score will be given to the Measures and Certifications indicators.

Reporting indicator [Impact on score](#) **75/100**

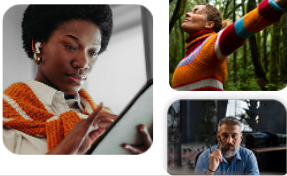

Reporting is based on quantitative KPIs that measure your implementation of sustainability practices.

360° Watch indicator [Impact on score](#) **75/100**

The 360° Watch Findings indicator is scored based on the data we gather by scanning thousands of sources in the public domain. This allows us to get a broader overview of your company's sustainability management.
